

Learning for life is learning that shapes life itself

“ Learning begins the moment a child starts exploring the world-asking questions, discovering ideas, and growing into a confident individual ready to shape his own future.

Learning begins at birth and grows through guidance, care, and experience-shaping children into responsible, confident individuals prepared for life and the world they belong to. ”

R. S. MUNIRATHINAM Founder - Chairman

Founded and guided by Shri R. S. Munirathinam, a visionary nationalist, educationist, and philanthropist, the RMK Group of Educational Institutions presents RMK Patashaala-an institution that embodies vibrant energy and offers an eclectic learning experience, having shaped thousands of successful graduates across its institutions.

Chairman's Message

Dear Parent,

Thank you for your trust and faith in the RMK Group. By entrusting your child's education to us, you join several hundred satisfied parents whose children pursue their education in RMK institutions, which have carved a niche for themselves in this part of India. RMK Patashaala-the name itself means that it is a centre for learning and not just a "school". The institution is yet another milestone in the RMK Group's endeavour to deliver the highest standards in education in the country. Following the CBSE stream, RMK Patashaala will be a centre for learning.

The best part of a child's growing phase is spent in school, and in the present times, a school should go beyond just "teaching" and inspire a child to learn beyond the "syllabus" and understand life. RMK Patashaala, in that way, is a unique school that will create a "learner" in each child, who will automatically become a leader in his or her chosen arena.

We believe that such an objective is possible to achieve, and we have testimony of having created many thought leaders, professionals, and successful graduates who are making a strong impact in the world.

With the best in state-of-the-art academic infrastructure and co-curricular facilities-a hallmark of every RMK Group institution-RMK Patashaala will be a distinct school among the CBSE institutions in this region. We assure you that our Patashaala will be known nationwide for the intellectual potential of our students, as well as the excellence of our faculty, propelling us to national prominence, and will strive towards being positioned as a top CBSE school in this part of India.

While we endeavour to accomplish all these goals, we cannot do so without your trust and confidence in us. We are aware of the value of your suggestions and counsel and are eager to address them with due sincerity. Please go through this detailed brochure, which will provide you with a clear view of what is in store for a student at RMK Patashaala.

Warm regards

R. S. MUNIRATHINAM
Chairman

At our school

Learning begins with the student. We believe every child is unique, with individual strengths, interests, and learning styles. Student-centric learning places learners at the heart of the educational process, encouraging curiosity, creativity, and critical thinking. Instead of passive instruction, classrooms are interactive spaces where students ask questions, explore ideas, collaborate with peers, and take ownership of their learning.

Teachers act as mentors and facilitators, guiding students through experiential activities, projects, discussions, and real-world problem-solving. This approach builds confidence, independence, and a lifelong love for learning. By integrating academics with values, life skills, and emotional well-being, we ensure holistic development, helping them thrive in a dynamic world.

Approach

The Learner, The Learned & The Learning...

Life completes its lifecycle through learning. And through learning, we are actually born anew, again and again.

Learning is a never-ending process of existence. This principle applies to the students, teachers, and management of RMK Patashaala.

Vision

To be a world class educational institution, providing modern and holistic education with deep roots in Indian values and culture.

Mission

Develop every student into a learner for life and inculcate values that combine the best of all worlds. Provide best in class facilities to inspire students to acquire the best education and soft skills essential for life.

Highlights

- Distinctive facilities and modern amenities
- Transportation available from different parts of Chennai.
- Focus on value-based education
- Stress-free environment for children
- Strong and experienced management
- High-profile advisory board
- Highly experienced team of educators
- Emphasis on a student-friendly learning environment
- State-of-the-art green campus

Classes & Subjects

I-V	English ▶	II Language (Tamil/Hindi) ▶	Mathematics ▶	EVS ▶	Computer Science ▶	III Language (Hindi/Tamil)
VI-X	II Language (Tamil/Hindi) ▶	Mathematics ▶	Science ▶	Social Science ▶	Computer Science/ Information Technology (IX & X) ▶	III Language (Hindi/Tamil)
XI-XII Science Group	Core English ▶	Mathematics/ Computer Science ▶	Physics ▶	Chemistry ▶	Biology/ Computer Science	
XI-XII Commerce Group	Core English ▶	Mathematics/ Marketing/ Computer Science ▶	Business Studies ▶	Accountancy ▶	Economics	

KG Classes

Providing a home environment to students with care and affection by specially trained staff. Pre-primary education for LKG and UKG is carried out through a Kindergarten environment.

English, EVS, Mathematics, Rhymes, Art and Craft, Drawing, and Storytelling are taught, enriching the child's learning ability.

Faculty

Trained and experienced in international teaching standards, they use innovative teaching methodologies, supported by state-of-the-art facilities and modern technology, to arouse the intellectual curiosity of each child.

Our teachers take on the advanced role of "facilitators" to help children explore and discover life through learning.

Student Centric Learning

Every child's learning curve is identified, and appropriate techniques are applied to bring out the best in every child. Student's needs, learning is focused on the student's needs, abilities, interests, and learning styles, with the teacher as a facilitator of learning. It helps students to be active and responsible participants in their own learning.

Laboratories

They help children understand the world around them. The labs are spacious enough for a class of 35 to 40 students to work together. The laboratories have the latest and required equipment. A well-equipped laboratory enables students to experiment and develop skills of observation, comparison, prediction, and validation. The labs include the Computer Centre and Chemistry, Physics, Biology, and Maths laboratories.

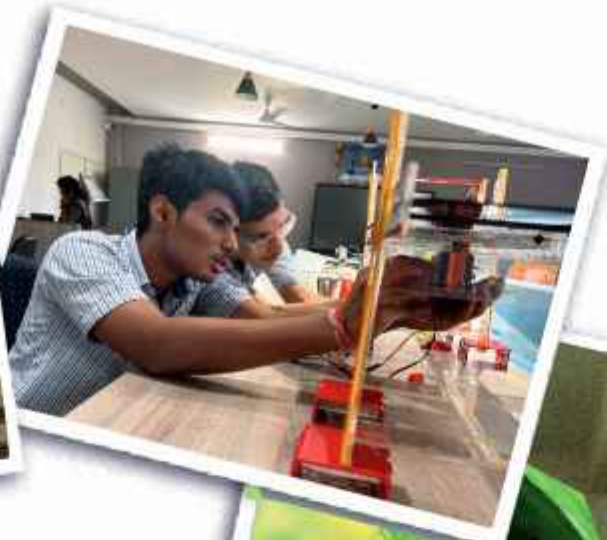

"A scientist in his laboratory is not a mere technician: he is also a child confronting natural phenomena that impress him as though they were fairy tales."

- Marie Curie

Activity Rooms

At RMK Patashaaia, students are given a free hand to develop projects in their areas of specific interest, which develop and hone their skills.

Kids Play Area

The area is filled with toys, games, and other playthings for kindergarten students. We abide by the proverb, "All work and no play make Jack a dull boy."

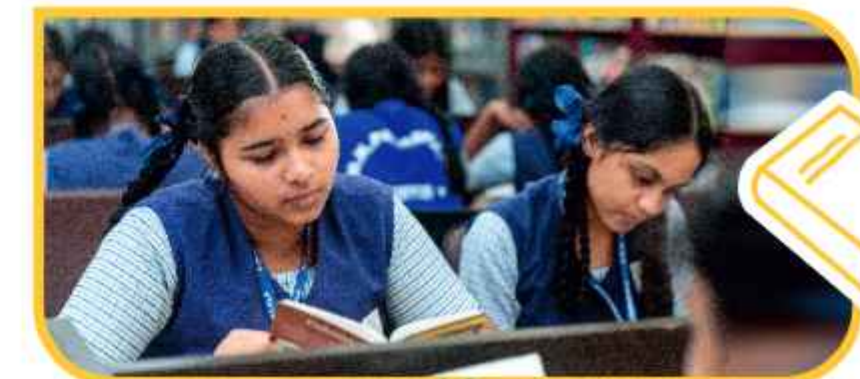

library

Information Resource Centre

Students are encouraged to cultivate good reading habits and use the library as an important centre for learning. Books and magazines from across the world enrich its shelves. Each child can choose his or her own corner and explore history, literature, or science undisturbed. Personal supervision is extended to every child to improve his or her reading and speaking skills.

Arts & Music

To bring out the creative potential of the students, the school has professionals who teach

• Painting • Clay Modelling • Pottery • Music

Students are introduced to the works of legends in the respective art forms for advanced learning and are also motivated to cultivate a taste for the fine arts.

Sports

Competitive sports and physical education are important aspects of life at RMK Patashaala. In the psychomotor domain, the school focuses on both physical fitness as well as skill in games like volleyball, basketball, badminton, cricket, table tennis, hurdles, etc.

Indoor games like chess, table tennis, and carrom facilitate the overall development of the students.

Co-Scholastics Activities

Health and Physical Education, Work Education, Visual and Performing Arts, Attitudes and Values, Literary and Creative Skills, Scientific Skills, Information and Communication Technology, and Yoga form an integral part of the school curriculum. In addition, to give ample opportunities to the children and to develop leadership qualities to grow into balanced personalities.

The prefectural house systems are permanent features. Under the house activities, competitions on debates, quiz, essay writing, short story writing, dramatics, painting, dancing, and music are conducted. The students are encouraged and provided with opportunities to participate in inter-school and intra-school competitions also.

Transport Facilities

Excellent transportation facilities are made available for students residing in and around Chennai. Extra personnel are deployed to ensure the child's safety and comfortable travel.

CBSE- Integrated NEET / JEE Training

Services of Edusat Academy are retained in our school campus to equip our students to face various competitive examinations like JEE, NEET, NTSE, CUET, Olympiads, etc.

CBSE integrated foundation course is offered for secondary classes and integrated NEET / JEE training is given to the senior-secondary classes as per the choice of group.

Other Facilities

The class interaction between the teacher and the taught is complemented by the Smart Board teaching through Interactive Flat Panel for all classes from KG-XII. Opportunities are provided to the students for smart learning. Students aspiring for professional courses are given additional training not only in academics but also in time management.

This institution is yet another milestone in the RMK Group's endeavour to deliver the highest standards in education in the country. Following the CBSE stream, RMK Patashaala will be a complete school. By complete, we mean that the school has all the best-in-its-class features and facilities- a reminiscent of every RMK Group institution- making it a distinct school among the CBSE institutions in this region.

*Learning for life is
Learning for life itself.*
